

Rhenus Svoris – Operating from a Pivotal Hub between West and East

Since joining the EU in 2004, the three Baltic States have become important transit countries between Western Europe and the Commonwealth of Independent States (CIS). Rhenus Svoris provides transportation and logistics services there for the Rhenus Group.

Rhenus has business operations at five different bases in the Baltic states: at Vilnius, Klaipeda and Kaunas (Lithuania), Riga (Latvia) and Tallinn (Estonia). In these countries Rhenus Svoris is included in the network of Rhenus Revival. 20 years of experience in the local markets combined with the logistics expertise of the Rhenus Group generate just the right mix in order to provide customers from both Western and Eastern Europe with ideal solutions in this region.

Rhenus Svoris is one of the leading logistics service providers in the Baltic States. The company provides the whole range of services: domestic and international traffic, consolidation and distribution of goods from Western Europe for markets in the CIS, warehousing, special consignments and customs services.

The major focus of Rhenus Svoris business is on freight groupage traffic, which often needs to be transported at set temperatures. The business centers also fulfil an important function as pivotal hubs between Western and Eastern Europe. Rhenus Svoris operates 40 regular services for groupage freight to almost every country in Europe and Kazakhstan. Rhenus Svoris also offers network services with guaranteed 24 hour or 48 hour transit times within the Baltic States. Rhenus Svoris transported more than 67,000 consignments in 2008.

Rhenus Svoris has a storage facility measuring 4,000 m² in Vilnius and 1,500 m² in Riga, which is particularly used for transit goods from Western Europe to Moscow, St. Petersburg and Kaliningrad or Minsk, Kazakhstan and Kiev.
