

NATIONAL LIVING WAGE - POLICY STATEMENT

RHENUS WAREHOUSING SOLUTIONS LTD NATIONAL LIVING WAGE STATEMENT

Rhenus Warehousing Solutions LTD is committed to rewarding our staff for their hard work and reciprocating the loyalty and dedication they show on a daily basis. Given the competitive nature of the logistics industry in the UK, we are keen to attract and retain a high calibre of colleague. This is not just about pay and we offer many benefits not usually available in the sector, such as free gym membership, a day off on your birthday and a comprehensive package of perks.

Of course we also recognise the main reason our employees go to work in the first place - to earn money. We take our obligations under the National Living Wage seriously and are pleased to say that all Rhenus Warehousing Solutions LTD employees are paid at least the current minimum wage. We also regularly review all rates of pay to ensure they meet or exceed the National Living Wage.
